Actions to maximize
participation in
interventions to support
access to healthier,
sustainable food (Nairobi)

Webinar
25/05/2022

OUTLINE – Citizen Engagement

- A) Food System Strategy
- B) Capacity building forums
- c) City Support with projects
- D) Partnerships

A) Food System Strategy

Vision – ‘Affordable, accessible, nutritious and safe food for all Nairobi City County residents’.

Objective of Nairobi Food Strategy

- ▶ The overall objective of the Strategy is to attain consistent food security for city residents while safeguarding the commercial interests of food industry entrepreneurs.
- ▶ The specific objectives of the Strategy:
 1. Increase in food production
 2. Stable food supply and incomes
 3. Reduction of food losses
 4. Good welfare of food consumers
