This is a site wide pledge

Quick service, Food-on-the-go businesses, casual dining restaurants, workplace canteens and public sector food settings commit to increase the volume of veg they sell, aiming for two portions in every main meal while maintaining commitments to reduce waste (inspiration can be found in our Food Service Compendium)

This commitment will be implemented by June 2021

This aligns with point 4 on the Commitments Framework

Commitment Details

All hospitality menus will be served with at least two vegetable portions and all menus offered will have a suitable plant based alternative.

Monitoring

The Exec Chef (Thomas Rhodes) will ensure the commitment is included in all menus created for sporting events. These menus will be submitted to the Match day coordination team for review against the commitment. The MD will witness the menus during the tasting (prior to events) to ensure that each dish complies with the commitment. As hospitality does not generally offer a choice menu, the increase in vegetables is achievable by simply including additional vegetables on the plated menu.
Twickenham 2020 Pledge

This is a site wide pledge

Quick service, Food-on-the-go businesses, casual dining restaurants, workplace canteens and public sector food settings commit to increase the volume of veg they sell, aiming for two portions in every main meal while maintaining commitments to reduce waste (inspiration can be found in our Food Service Compendium)

This aligns with point 4 on the Commitments Framework

Commitment Details

Twickenham will commit to ensuring that 25% of the concourse food product range will be plant based. In addition to this, the public catering food offer will always include at least 4 vegan options at all events within Twickenham's control.

Monitoring

Twickenham’s concession provider is required to submit a list of concessionaires to the event management team prior to each event. At this stage, the product range that each concessionaire offer is also provided. Twickenham will commit to selecting only those concessionaires that meet the requirements of our commitment. TEL will provide and annual comparison against prior year to show the increase in plant forward offers being available on the concourse.
